

# Pergola T1

Packaging Retractable awning, in fabric made (tight when opened) fixed to crossbar profiles, trolleys and guides system which permit the horizontal sliding. The movement can be manual with reduction winch (only on the single module up to 3 mts projection) or motorized. Guaranteed wind resistance up to class 3 according to UNI EN 13561. On request it is possible to install the antidrop system for the rain protection. The resistance under snow weight is not guaranteed. The development of condensation on the fabric is natural and not to be considered as a defect.

- H Guide support
- B Moving electrical control
- I Supporting motor crossbar profile
- D Main sliding guide
